STEP 2

Works on all emulsions and capillary films

# STRIP-e-doo CONCENTRATE

## **Emulsion Remover**

Franmar's STRIP•e•doo® Concentrate Emulsion
Remover is a money-saving, eco-friendly
concentrated formula with a built-in degreaser.
It is specifically designed to penetrate and dissolve all
types of emulsion and capillary film without
weakening the mesh. Like all Franmar products,
it is safer, effective and 100% biodegradable.

**Dilution:** For best results, dilute 1:19 with water (1 quart makes 5 gallons).

### **Directions:**

- 1. Wet screen and pour or spray a small amount on both sides of screen.
- 2. Scrub both sides thoroughly with a dedicated Biggee™ scrub pad.
- 3. Let product work for 30-60 seconds and scrub both sides again.
- 4. Rinse both sides of screen clean with pressured water.

## **Usage Tips:**

- Do not allow product to dry on on the emulsion.
- Use a spray bottle for better distribution of product.
- Additional degreasing is needed when using high mesh counts or halftones.
- Store in a cool, dry place away from direct sunlight.

#### **MORE INFORMATION:**

**Precautions:** Dispose of waste according to local regulations. Avoid eye contact. If product contacts eye, rinse thoroughly with water. Call a physician if irritation persists. If swallowed do not induce vomiting. Call a physician. Nitrile or neoprene gloves are recommended for sensitive skin.
