

Technical data sheet

FINISH ST1 a+b

APPLICATIONS

Hygrohardening two-components transparent lacquer for the screens protection in the ceramic and textile printing. The ideal choice for increasing the screen thickness to obtain special effects.

GENERAL CHARACTERISTICS

Finish ST1 a+b offers resistance to abrasion and high elasticity to realize perfect water-resistant and good solvent-resistant screens.

Major use is for protection of screen glues against solvents during screen cleaning, also allowing the washing in automatic machines avoiding detach problems.

APPLYING

Apply Finish ST1 a+b with a cave squeegee or a soft brush if used for more thickness results and then wash out the areas with a sucking unit.

The screen should be placed horizontally to let the lacquer dry. A complete hardening of Finish ST1 a+b is obtained in approximately 24 hours.

NOTE: mixed Finish ST1 a+b must be stored in its closed container, because air humidity could harden the product.

DIRECTIONS FOR USE

Mix Finish ST1 as follows:

Finish ST1 comp. a 1000 g

Finish ST1 comp. b 300 g

Component B acts also as thinner.

HEALTH AND SAFETY

Before use, refer to appropriate material safety data sheets.

STORAGE

When sealed in the original container and stored at temperature between 20 and 25°C, FINISH ST1 a+b will maintain original properties for at least 36 months from the date of manufacture.

PACKAGING

FINISH ST1 comp. a 1 e 5 kg.

FINISH ST1 comp. b 0,750 e 5 kg.

WARRANTY AND LIMITED REMEDY

The directions, recommendations and specifications contained in this Technical Data Sheet are meant as a guide to the use of the product and shall not bind the company. Product specifications are subject to change without notice.

The following is made in lieu of all other expressed or implied warranties, including any implied warranty of merchantability or fitness for a particular purpose: all Saatchem manufactured liquid products are warranted to be free of defects in materials and manufacture and to meet the specifications stated in Saatchem applicable Product Bulletin. Saatchem will replace or refund the price of any Saatchem manufactured liquid product that does not meet this warranty within the applicable warranty period.

The remedies are exclusive. In no case shall Saatchem be liable for any other direct or indirect damage or loss, including without limitation any incidental, special or consequential damages, or any material costs or labor charges incident to the removal or replacement of any mesh, screen, ink, substrate, finished graphic or any other item.
